<New Server IP Setup>

### Registration Settings

How to update the DDNS:

Please enter the new DDNS (Server IP) [bdip.co.kr](http://bdip.co.kr) and then Press the [SAVE] button. The ID and Password stay the same

**Note: after you update the Server IP, make sure you restart the HVT unit**

Example: [www.bdip.co.kr/vvr1012](http://www.bdip.co.kr/vvr1012)

To register a new HVT unit please login to [http://bdip.co.kr/mall/eng\\_regist\\_join.asp](http://bdip.co.kr/mall/eng_regist_join.asp)
