PRODUCT ANNOUNCEMENT

Digital Watchdog Expands the Limits of IP Surveillance

More Pixels – Less Money

Tampa, FL February 21, 2014 – Digital Watchdog is excited to announce the expansion of our IP technology line. DW now offers the popular MEGApix IP camera technology in a new fixed lens, low cost, high quality flat vandal dome and bullet models. These very aggressively priced models help round out our already proven IP products, offering another example of our commitment to delivering powerful and reliable security solutions to our customers worldwide.

MEGApix Expanded: 2.1MP 4.0mm & 8.0mm Lens Models

The new fixed lens MEGAPIX cameras are triple codec network cameras that provide 1080P megapixel resolution at 30 frames per second. The cameras' advanced technologies such as True Day and Night, 3D-DNR, WDR, and Smart IR will deliver the best images in any type of environment. And Power over Ethernet will simplify installation by connecting both power and network through a single cable. The new cameras offer 4.0mm and 8.0mm lens options in both Bullet and small flat Vandal Dome housing options.

The new MEGApix™ cameras include the following main features:

- ONVIF Compliant, Profile S
