**Digital Watchdog® MEGApix® CaaS™ Cameras Win Best New
Edge Product from Security Products Magazine**

MEGApix CaaS Camera with Motorized 3.0-10mm Autofocus Lens

Tampa, FL September 4, 2014 – [Digital Watchdog \(DW™\)](#), the industry leader in digital recorders, surveillance cameras and related management software, announces the new MEGApix CaaS (Camera as a System) series. These cameras are the latest addition to the company's IP line, and are designed to simplify security systems by turning the camera into its own server.

MEGApix CAAS cameras have been selected as the [New Product of the Year \(NPOY\)](#) in the edge category by Security Products magazine.

As an industry leader in cutting-edge network surveillance technology, Digital Watchdog is delivering innovative solutions that are ground-breaking as well as user-friendly and easy to use. Our latest innovations provide the market with cameras offering local edge storage and 2.1MP resolution.

DW's new MEGApix CaaS cameras are multi-hybrid cameras that function both as a camera and recorder, eliminating the need for a dedicated server. The cameras offer real time live and recorded 2.1MP resolution video at 30fps,

simultaneous analog and IP signal outputs and come in 3.0~10mm motorized auto focus lens or CS mount lens box camera models. MEGApix CaaS cameras offer an advanced arsenal of image enhancement features such as true day and night functionality, WDR, backlight compensation and 3D digital noise reduction. The cameras feature a dual SD card interface for up to 512GB of local storage, 16x times more data is recorded locally than other edge cameras, as well as NAS support for additional storage. The MEGApix CaaS cameras are easy to install, maintain and adjust to any application.

The new MEGApix CaaS cameras include the following features:

- › 2.1 MP sensor with true 1080P display and recording for super-clear images
- › Motorized 3.0-10mm Autofocus Lens
- › Dual Onboard SDXC Card Slots (up to 512GB) [Memory Not Included]
- › DW Spectrum™ VMS Edge Storage and Support
- › Simultaneous Full-Time Analog and IP Digital Multi-Streaming
- › Two-Way Audio with Built-in Microphone
- › True Day and Night with Mechanical IR Cut Filter
- › Wide Dynamic Range (WDR)
- › 3D Digital Noise Reduction (DNR)
- › Network Failover and Redundancy
- › ONVIF Profile S Conformance

Digital Watchdog MEGApix CaaS cameras will begin shipping in Q4 2014.

ABOUT DIGITAL WATCHDOG

Digital Watchdog (DW) empowers our customers as the industry-leading single source of value-driven complete solutions for all video surveillance applications (analog / hybrid / IP enterprise), focusing on ease of use and ROI. DW products offer technologically-advanced features including Star-Light™ super low light technology, Omni-Plus™ autofocus systems, WDR, Smart DNR and Smart IR. Complete analog surveillance solutions include Star-Light MPA™ 1.3MP 960H cameras, VMAX™ DVRs and mobile management applications. Complete IP megapixel surveillance solutions include MEGApix cameras and edge recording systems, Blackjack™ NVRs and DW Spectrum VMS for server, mobile and on-camera control.
