

FOR IMMEDIATE RELEASE

Digital Watchdog® Expands its VMAX IP™ Line of Recorders New 8- and 16-Channel Models Include PoE Switches for Complete Local Camera Management

VMAXIP™ 8- and 16-Channel NVR

Cerritos, CA (June 8, 2015) – [Digital Watchdog](#) (DW™), the industry leader in digital recorders, surveillance cameras and related management software, announces the expansion of our popular VMAX IP™ NVR family. The new NVR models, available in 8- and 16-channel configurations and with up to 12TB of internal storage, provide the popular VMAX user interface and Pivot™ management software for an easy transition from analog to IP video surveillance. The NVRs support MEGApix® 720p and 1080p cameras to deliver a complete solution.

The 8- and 16-channel models join the original VMAX IP 4-channel NVR. The VMAX IP series has an embedded PoE interface, allowing the IP cameras to be powered directly from the NVR. This enables a convenient and quicker installation process. VMAX IP also offers full real-time HD 1080P live streaming and recording, along with powerful features such as network monitoring, auto and remote firmware upgrade, free and simple DDNS service, event notifications via e-mail and text, mobile applications for iOS, Android and Kindle devices, local display based on the popular VMAX GUI and an unbeatable 5 year limited warranty.

Additional NVR features include:

- › Support for up to 16 2.1MP IP Cameras
- › Pivot™ Central Management Software, Up to 128CH
- › Mobile Applications for iPhone, iPad, iPod, Android Smart Phones and Tablets and Kindle Fire
- › MAC Compatible Remote Software
- › Intuitive Graphical User Interface (GUI)
- › 8ch PoE Support to Power IP Cameras Locally
- › Local Network and Camera Connection Monitoring
- › One Touch Video Backup, Reverse Playback, & Emergency Recording
- › Advanced Linux-Based Embedded NVR
- › Record 30 Frames per Second on Every Channel
- › 4 Sensor Input, 1 Relay Output

Digital Watchdog Press Release

- › Event Notifications via Email, Text and Pivot™ CMS
- › 1 Audio Input, 1 Audio Output
- › Simple & Free DDNS Support for Remote Management
- › Easy Web-Based Client with Multi-User Access
- › S.M.A.R.T Health Check with Email Notification
- › Help Menu on Major Functions
- › Auto & Manual Firmware Upgrade Available
- › Import/Export Configuration between Multiple DVRs
- › USB Mouse and GUI Control
