Easy Installation

1080P HIGH DEFINITION

With real-time live display of 1080p resolution, the VMAXHD offers clear, crisp, and detailed image, so you don't lose anything, and see everything.

ONVIF (Open Network Video Interface Forum) compliant with ONVIF standards for increased flexibility and reduced total cost

PoE (Power over Ethernet)

simplifies installation by connecting both power and network through a single cable

Powerful Electronic Wide Dynamic Range

Enables the camera to capture clear images in the same frame, even when there are both very bright and very dark areas in the same field.

Remote Auto Focus & 4.5X Optical Zoom

The SnapIt MEGAPIX cameras are equipped with a delicate auto focus mechanism for optimal configuration all from the camera's remote web viewer.

Day & Night

When light diminishes below a certain level, the camera will automatically switch to night mode, providing high quality black-and-white video images.
