

How to Setup the Server E-mail and User E-mail Accounts

DW Spectrum V1.5

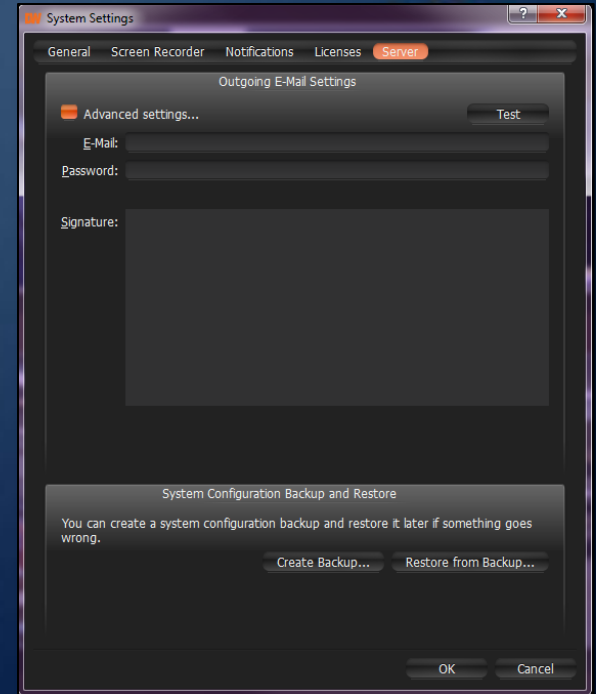

E-mail Server Setup Message

- › The system will notify the admin user when the e-mail server is not setup properly.
- › Click Fix to open the e-mail server setup window
- › Click Postpone to hide the notification. It will appear next time you log into the server.
- › Check the “Do not notify again about this” if you don’t want to receive any further notifications about this issue.

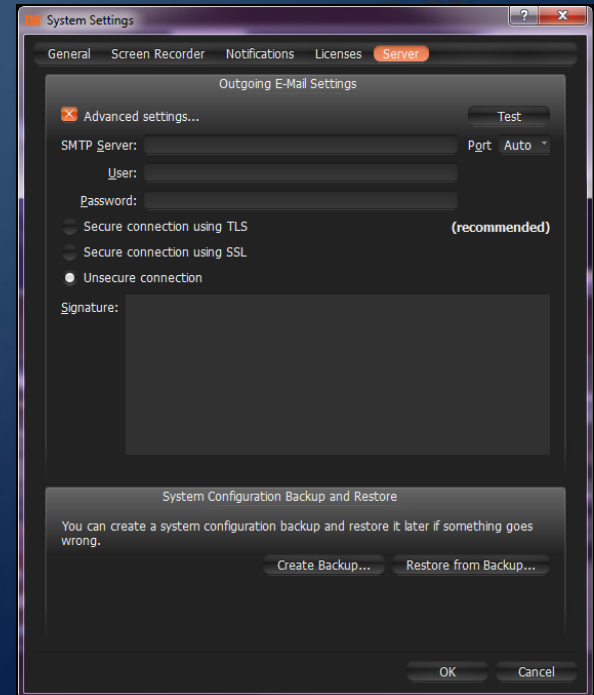

Setting up the E-mail Server- Default

- › Enter an e-mail address associated with the server. This will be the “from” e-mail for any future notifications.
- › Enter the password of the e-mail address.
- › Press the ‘test’ button to make sure the e-mail has been set properly.

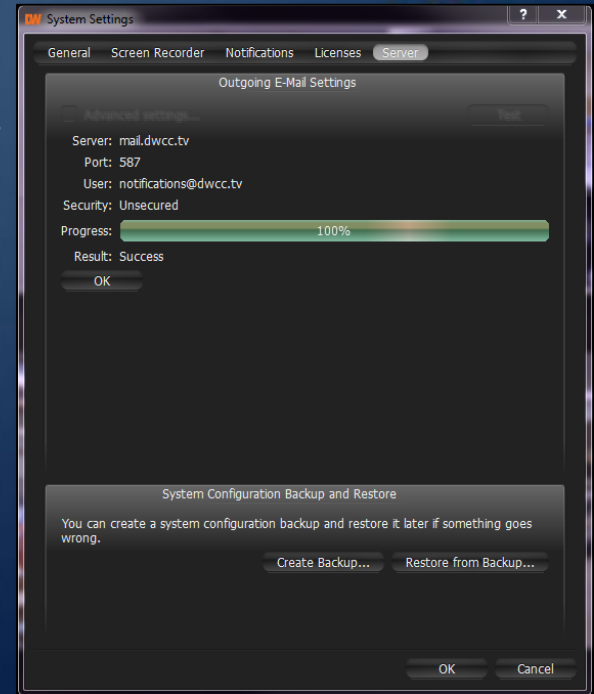

Setting up the E-mail Server- Advanced

- › Click on 'advanced' settings to manually enter the e-mail server's information
- › Enter the SMTP Server's address, username, and password
- › Select the appropriate port (auto, 25, 465, 587)

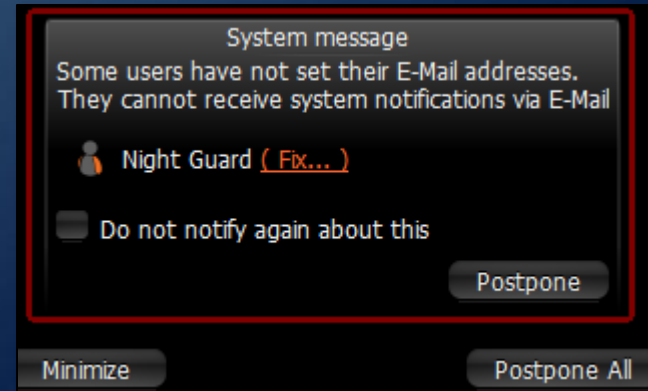

Setting up the E-mail Server- Advanced

- › Select the connection's security level (varies by SMTP server)
- › If necessary, add a signature to the e-mail.
- › Press the test button to make sure the e-mail has been set properly.

Settings up the Users E-mail Accounts

- › The system will notify you if there are any users with no e-mail accounts.
- › it is recommended to setup an e-mail account associated with each of the users for optimal usage of the DW Spectrum software.
- › Click Fix to add an e-mail address to the users
- › Click Postpone to hide the notification. It will appear next time you log into the server.
- › Check the “Do not notify again about this” if you don’t want to receive any further notifications about this issue.

Settings up the Users E-mail Accounts

- › Enter an e-mail address associated with the user.
- › Press OK to save

The screenshot shows a 'User Settings' dialog box with the following fields and options:

- Login:** Night Guard
- Password:** [Masked with asterisks]
- Confirm Password:** [Masked with asterisks]
- Email:** guard@company.com
- Access Rights:** Live Viewer (selected), Advanced...
