Product Features

EZ-DVR Series

The new EZ-DVR line is driven by an ease of use philosophy, with its intergraded LCD monitor all user interaction are simplified. This new unit's compact size allows for it to be easily installed virtually anywhere. With its LCD screen folded down the unit measures less than three inches tall, this low profile allows the system to be housed under cabinets in draws and with the correct kit, can be rack or wall mounted.

Despite the EZ-DVR,s compact size this systems packs the same full set of features as bulky DVRs into its compact dimensions. The EZ-DVR offers the same effortless operation and high quality customers have come to expect of all Digital Watchdog DVR products.
